

# Raúl Zarza

[www.raulzarza.com](http://www.raulzarza.com)

I'm a full stack developer and some other things.

La Paz

Baja California Sur, México.

[raulzarza.dev@gmail.com](mailto:raulzarza.dev@gmail.com)

[www.raulzarza.com](http://www.raulzarza.com)

## Experience

### Full Stack developer

May - Dic

Epiphanyapps is a small Company located in New York. As part of a small team, I had to do UX design, UI integrations, and solve UI issues, also some back-end using AWS services and serverless technologies. There we create web apps and mobile apps for various clients.

[epiphanyapps.com](http://epiphanyapps.com)

### Full Stack developer

June 2018 - currently

I started studying programming and fell in love with JavaScript.

Docker   Nextjs   React   Material UI   Bootstrap   CSS  
HTML   Node.js   MongoDB   Express.js   Git   GitHub  
Bitbucket   Jira   SCRUM   JavaScript   Typescript   pm2  
Nginx

You can find some of my personal projects are in [www.raulzarza.com](http://www.raulzarza.com)

### Swimming Instructor

December 2015- currently

Swimming instructor in Nelson Vargas for almost 3 years. Lifeguards, Triathlete, Certifications in Diving and Aquatic Safety. I love work teaching private classes.
